Christie best for businesses

The New Jersey Restaurant Association recently endorsed Chris Christie for governor. The restaurant industry is confident Christie is the best candidate for the job. I am an NJRA board member and a resident and businessman in Ocean County.

While U.S. Attorney, Christie took a tough stand on corruption and terrorism in the state and will continue that in the Governor's Office. Fair but firm appears to be his posture, willing to review the budget and cut expenses that are unnecessary in the state while reducing taxes to create private-sector jobs so needed for the future growth of our state.

Christie will effect change, not postpone it. He will hold the line on taxes, reduce the size of government and create a panel to study lowering the costs associated with doing business and living in New Jersey.

We can't afford to continue in the same manner as the past four years, increasing taxes and losing jobs and businesses leaving.

The NJRA urges voters to vote on Nov. 3 for Christie.
